

Ant-919 oil anti-rust oil

【Product Performance】

Ant-919 oil-based anti-rust oil is formulated with refined mineral oil and various anti-rust agents, providing excellent anti-rust properties for ferrous metals. It features a thin coating, is easy to use and remove, and has excellent salt spray resistance. It can be applied by dipping or brushing, and offers a rust prevention period of over one year.

【product parameters】

project	Typical data	Test method
Appearance	Yellow transparent	Visual inspection
density (20°C)	0.80~0.85	hydrometer
Kinematic viscosity 40°C (mm ² /s)	6~10	GB/T 265
Flash point (°C)	>135°C	GB/T 267
Mechanical impurities	Qualified	GB/T 511

【Performance characteristics】

- ★ Excellent rust resistance, excellent salt spray resistance;
- ★ Easy to use, can soak, spray and other ways of use;
- ★ Thin coating, easy to remove.

【Range of application】

- Suitable for mechanical parts, tools, instruments and other long-term storage rust prevention.

【usage method】

Can soak, brush, spray.

【packaging specifications】

18L/ plastic bucket, 200L/ large iron bucket.
